Design like Picture Books

Welcome to download slideshows and audiobooks from my database. The design of the slideshow pages is such that they are similar to picture books and for self-study. Text and image in combination teach more effectively than text alone.

The advantage of slideshows is the large text and that you can directly show the slideshows to small and large groups.

My slideshows are not for lectures but for individual self-study. Right now, 1 158 objects can be downloaded and most of them are free.

Welcome!

Svensk Historia Berättad Via BILDSPEL

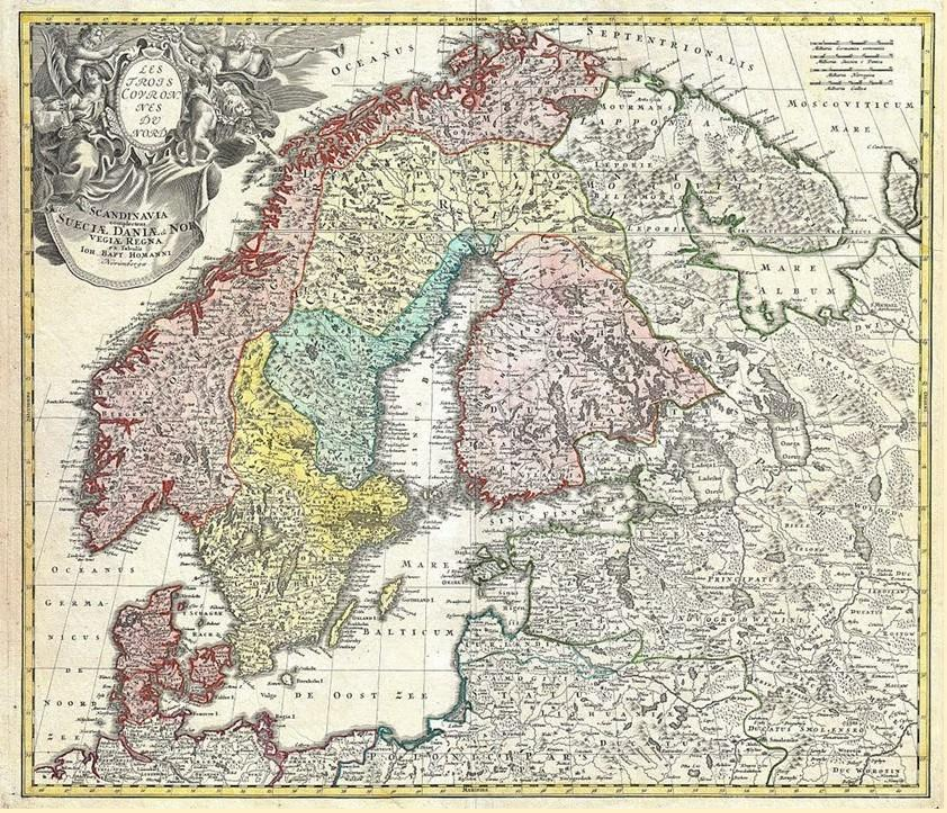
Sveriges mest spridda fackbok om svensk historia med + 1 000 000 läsare i Nord Amerika



The history of Sweden can be traced back to the melting of the Northern polar ice cap. From as early as 12000 BC, humans have inhabited this area. Throughout the Stone Age, between 8000 BC and 6000 BC, early inhabitants used stone-crafting methods to make tools and weapons for hunting, gathering and fishing as means of survival. Written sources about Sweden before AD 1000 are rare and short, usually written by outsiders. It is usually accepted that Swedish recorded history, in contrast with pre-history, starts around the late 10th century, when sources are common enough that they can be contrasted with each other.

The modern Swedish state was formed over a long period of unification and consolidation. Historians have set different standards for when it can be considered complete. Some common laws were present from the second half of the 13th century. At this time, Sweden consisted of most of what is today the southern part of the country (except for Scania, Blekinge, Halland and Bohuslän), as well as parts of modern Finland. Over the following centuries, Swedish influence would expand into the North and East.

In the late 14th century Sweden, Denmark and Norway were united in the Kalmar Union. During the following century, a series of rebellions lessened Sweden's ties to the union, sometimes even leading to the election of a separate Swedish king. The fighting reached a climax following the Stockholm Bloodbath in 1520, a mass execution of accused heretics orchestrated by Christian II of Denmark.

One of the few members of the most powerful noble families not present, Gustav Vasa, was able to raise a new rebellion and eventually was crowned King in 1523. His reign proved lasting and marked the end of Sweden's participation in the Kalmar Union.

Gustav Vasa furthermore encouraged Protestant preachers, finally breaking with the papacy and establishing the Lutheran Church in Sweden, seizing Catholic Church property and wealth.

Gustav Eriksson, a son of Cecilia Månsdotter Eka and Erik Johansson Vasa, was probably born in 1496. The birth most likely took place in Rydboholm Castle, northeast of Stockholm, the manor house of the father, Erik. The newborn got his name, Gustav, from Erik's grandfather Gustav Anundsson.

The Thirty Years' War, fought primarily in Central Europe between 1618 and 1648, was one of the most destructive conflicts in European history. An estimated 4.5 to 8 million soldiers and civilians died from battle, famine, or disease, while parts of Germany reported population declines of over 50%. Related conflicts include the Eighty Years' War, the War of the Mantuan Succession, the Franco-Spanish War, the Torstenson War, the Dutch–Portuguese War, and the Portuguese Restoration War.
The war originated in the 16th-century Reformation, which led to religious conflict within the Holy Roman Empire. The 1555 Peace of Augsburg attempted to resolve this by dividing the Empire into Catholic and Lutheran states, but the settlement was destabilised by the subsequent expansion of Protestantism beyond these boundaries.

Vilken skatt du gjort att njuta av, helt otroligt fantastiskt!
Jag är Malmöflicka från början men bor nu i Stockholm, och född i Göteborg.

Jag har gjort många bildspel genom åren som jag visat på äldreboenden, men detta du gjort det slår allt.

Detta kan jag visa på tu man hand med datorn för mina klienter som alla är mellan 75 - 100 år!

En kulturgärning utan dess like. Jag tackar och niger/bugar och hoppas att du har det väl.

Min mormors familj hade landställe i Limhamn, Bellevue. Hennes pappa hade trävaruhandel och hette Ernst Lindahl. Familjen ägde hela huset på Norra Vallgatan 98. Och ett till på Västergatan.

Själv växte hag upp på Slottsgatan 18 i en underbar paradvåning. Min morfar Erik Sylvan var direktör på Svenska mejeri & kontrollanstalten. Det var en underbar tid i Malmö på 60-talet. Så tacksam för den.

Tack igen för allt ditt fantastiska arbete, hoppas du fått mycket beröm och uppskattning!

Allt gott!
